

Soft Ice Cream Machine S121 Floor model

Product features

(Tips: More outward, better performance)

Eliminated frozen cylinder

One touch cyclic heating function, solves frozen cylinder problem completely.

Pasteurization

No-clean for 14 days, keep the mixture fresh all the time.

Air pump system

Product parameters

Capacity: 80L/H

Specification: 770*520*1444mm

Self-check

hopper: 2*9.5L

Carton size : 890*650*1590mm

Mix-low alarm

Cylinder capacity: 2.0L*2

N.W.: 250Kg

Beater type: SS304

Power: 3.5KW

G.W.: 270Kg

Hopper agitator

Refrigeration system

No.of compressors : 2

Compressor capacity: 4094BTU/h*2

Gas of compressor : R404A

Refrigeration type: Air cool

Compressor brand : EMBRACO/TECUMSEH

Transmission system

Motor: 2*550W

Voltage type: 220V-50Hz/60Hz
